DEMOCRATS MEET HARDIN SATURDAY

Effort Will Be Made To Have
Speeches Here—Shelby News,
Talks To Point.

Much interest is attaching to the coming of Judge Charles A. Hardin to Richmond Saturday to confer with the Democratic Committee in regard to his race for congress. It is expected that at this time arrangements will be made for an address here by Congressmen Heflin and Hardy who are coming to the 8th district to campaign for Judge Hardin. A dispatch from Washington said yesterday:

Representative J. Thomas Heflin, of Alabama and Representative Rufus Hardy of Texas, are to be heard in the Eighth congressional district of Kentucky in support of the candidacy of Judge Charles A. Hardin. Democratic nominee to succeed the late Harvey Helm in congress, arrangements to this effect having been made by Democratic National Committee. The speakers will leave here Saturday for the stump campaign. Representative Heflin has been heard a score of times by Kentucky audiences and is recognized as a campaigner of exceptional brilliance. Representative Hardy is well-known as an old-fashioned Democrat of the Thomas Jefferson school and as an able exponent of the Democracy.

Let 'Em Wait A While

(By Associated Press)
Washington, July 25—It is stated today that President Wilson does not intend to present the defensive treaty with France to the senate until after he returns from his tour of the country.

When the President presents the treaty he will accompany it with an explanatory address to the Senate. No statement was made at the White House regarding the charges in the Senate yesterday that the President violated a section of the treaty by not presenting it simultaneously with the treaty of Versailles. Indications today were the President will start on his westward trip about August 10th.

Minister Defends Ford

(By Associated Press)
Mt. Clemens, Mich., July 25—Bishop Charles Williams, of Detroit, an Episcopal minister, in Ford's suit against the Chicago Tribune testified there is nothing in Ford's teachings peculiarly anarchistic. He said some were in the Bible and some held true by persons not anarchistic. He said even Carlisle and Emerson referred to war as murder.

Man Stanley Saved Pays Penalty

(By Associated Press)
Eddyville, Ky., July 25—Lube Martin, the negro who killed Policeman Duiguid, at Murray, several months ago, was electrocuted in the state penitentiary here today. Martin was saved from a mob soon after the killing by then Governor Stanley, who boarded a special train and rushed to Murray and quieted the mob.

Weekly Health Talks

Where Most Sickness Begins
and Ends

BY FRANKLIN DUANE, M. D.

It can be said broadly that most human ills begin in the stomach and end in the stomach. Good digestion means good health, and poor digestion means bad health. The minute your stomach fails to properly dispose of the food you eat, troubles begin to crop out in various forms. Indigestion and dyspepsia are the commonest forms, but thin, impure blood, headaches, backaches, pimples, blotches, dizziness, belching, coated tongue, weakness, poor appetite, sleeplessness, coughs, colds and bronchitis are also common. There is but one way to good health, and that is to put and keep your stomach in good order. This is easy to do if you take Dr. Pierce's Golden Medical Discovery. It is a wonderful tonic and blood purifier, and is so safe to take, for it is made of roots and herbs. Dr. Pierce, of Buffalo, N. Y., stands behind this standard medicine, and it is good to know that so distinguished a physician is proud to have his name identified with it. When you take Golden Medical Discovery, you are getting the benefit of the experience of a doctor whose reputation goes all around the earth. Still more, you get a temperance medicine that contains not a drop of alcohol or narcotic of any kind. Long ago Dr. Pierce combined certain valuable vegetable ingredients—without the use of alcohol—so that these remedies always have been strictly temperance medicines. If pills are torturing you, get and use Pierce's Anodyne Pile Ointment. The quick relief it gives is hard to believe until you try it. If constipated, Dr. Pierce's Pleasant Pellets should be taken while using Anodyne Pile Ointment. Few indeed are the cases which these splendid remedies will not relieve and usually overcome. They are so good that nearly every drug store has them for sale.

MAIL AVIATORS STRIKE

(By Associated Press)

New York, July 25—A unique strike began today when no aerial mail pilot appeared to take out the plane with the Chicago mail today. Dispatches indicate the same situation exists at Cleveland, where mail is awaiting transportation to New York. The strike is due to failure of the postoffice department to reinstate two aviators discharged for refusal to take out planes during a fog.

DIES AT RIPE OLD AGE

Mr. Daniel Roberts died at his home in this city Wednesday at the ripe age of 86 years, from the infirmities of years. He had been since a boy a member of the Baptist church. He was a splendid citizen and held the highest esteem of all who knew him. The deceased is survived by four daughters, Mrs. Thomas Prather, of East Walnut street, Mrs. W. F. Isaacs, Mrs. W. T. Patton, and Miss Harriett Roberts, one son, Mr. Jake Roberts, and 19 grandchildren and 38 great grandchildren. Funeral services were conducted Thursday afternoon by Rev. O. Olin Green, interment being in the Richmond cemetery.

Dressmaker Doing Her Bit

"Since I was a child, I have suffered with stomach trouble and gastric attacks. Doctors could only give me temporary relief. A lady I sewed for told me of having been cured of similar trouble by taking May's Wonderful Remedy. The first dose proved to me that it would cure me and it has. I am glad to recommend it to other sufferers." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach liver, and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sold at H. L. Perry Son's and druggists everywhere. 1t

TRY TO SOLVE HEMP TROUBLES

A plan which it is claimed will solve the labor problems of Central Kentucky hemp growers and place the industry on a paying basis will be presented at a meeting of hemp growers of this section to be held Saturday morning at 10 o'clock at the Kentucky Experiment Station at Lexington. John R. Humphrey, head of the Lexington branch of the Federal Department of Markets, will present the plan.

Prominent growers in Fayette, Jessamine, Clark, Scott, Bourbon, Woodford, Franklin and Madison counties have been invited. All others who are interested in hemp are urged to be present.

"The department of markets has made a study of hemp marketing for the past year and a half now has the problem in such shape that it is ready to lay its plans before the growers," Prof. Humphrey said. "As a result of the plan to be offered hemp should become one of the leading crops of the Blue Grass, instead of one steadily losing its position. The meeting Saturday is of great importance to the industry because of the fact that it will clear up the whole situation."

For the last three years the hemp industry in Central Kentucky has not been on a paying basis, largely because of the scarcity and high cost of labor. The bureau of Markets handled the crops of growers in Clark and Woodford counties in 1918, getting an increase in price for the fibre, which amounted to \$50,000 for the whole growing area. Details of the plan have not been made public and will not be made until after the meeting.

YANKS IN SIBERIA TO PROTECT RAILWAY

(By Associated Press)
Washington, July 25—Bulletin President Wilson today advised the Senate the American military expedition in Siberia is primarily to protect and maintain the operation of the Siberian railroad and indicated the expedition will remain there as long as such protection is necessary.

Another Little Revolution

(By Associated Press)
Paris, July 25—Dispatches from Agram and Fratz report a serious military revolution in Croatia, which is taking the form of a movement for separation from Serbia and the formation of a republic. At Marburg, near Graz, 30 persons were killed and many wounded when a large part of the garrison revolted as a result of dissatisfaction over demobilization.

Georgia Defeats Suffrage

Ratification of the federal suffrage amendment failed so far as the present session of the Georgia legislature is concerned when the Senate voted Thursday against ratification 39 to 10, and the House took similar action by a vote of 132 to 24.

TAKES FIRST DOSE OF MEDICINE AT 65

Louisville Grocer Tells How Son
"Converted" Him By
Buying Trutona

Louisville, Ky., July 23—J. W. Kleier, a well known grocer at 1600 Preston street, this city, took his first dose of medicine recently, although he is 65 years of age. Needless to say, the medicine selected by Mr. Kleier was Trutona. Kleier has been in business in the same place for the past forty-five years and he is highly respected by thousands of Louisvillians.

"I was suffering from loss of appetite and my system generally was all rundown," he said. "I didn't relish my meals at all. I didn't believe in taking medicines, but one day my son brought me a bottle of Trutona and to satisfy him more than for any other reason, I began using the medicine. After that bottle was gone my wife got me another. 'My appetite begun improving and now I'm able to eat my meals with a relish. The lump that used to form in my stomach is about gone and I'm able to sleep well at night now. I've been taking Trutona.'"

Trutona is especially beneficial for stomach, bowel and liver troubles, nervousness and the like and is a splendid reconstructive agency following attacks of pneumonia, influenza, hard colds and the like.

Trutona is now being introduced in Richmond at H. L. Perry Son's. 1t

HUNS HUNTING A BIG LOAN HERE

(By Associated Press)

New York, July 25—A canvass of international bankers here today failed to elicit information concerning the reports a large German loan is in process of negotiation here. It is understood German bankers are endeavoring to place a large credit, amounting perhaps, to a hundred million dollars in this country. While it has not passed its initial stage, there is reason to believe American bankers are interested in the possibilities of such a loan. Meanwhile Berlin advises the Associated Press that negotiations for it are in view.

SENATE TO HAND OVER \$25,000,000 TO COLOMBIA

(By Associated Press)

Washington, July 25—Under present plans of the republican leaders the peace treaty will be set aside temporarily for consideration of the treaty with Colombia proposing payment to the latter country of \$25,000,000 for damages arising from acquisition of the Panama Canal. Senator Lodge said it would probably be ratified next week.

Jim Pigg Acquitted

Jim Pigg, a well known young man of the Red House section, was acquitted on a charge of breach of the peace and causing a nuisance by a jury in county court Friday morning. Pigg dressed up in a woman's clothes, and Bob Fletcher said that he had a butcher knife and lay down in the road crying near his house and bothered his sick daughter. Pigg claimed that he was simply masquerading as some of the young folks in that section had done, and denied that he stopped near Fletcher's house. Some words passed between them and the warrant was sworn out by Fletcher.

MYSTERIOUS PAINS AND ACES

Make Life Hard To Bear For Many
Richmond Women

Too many women mistake their pains aches for troubles peculiar to the sex. More often disordered kidneys are causing the aching back, dizzy spells, headaches and irregular urination. Kidney weakness becomes dangerous if neglected. Use a time-tried kidney remedy—Doan's Kidney Pills. Hosts of people testify to their merit. Read a Richmond case:

Mrs. Wm. Royce, 329 Big Hill Ave., says: "I was bothered with kidney trouble and my back ached and pained me. I could hardly do my household work. I had severe dizzy headaches. My kidneys were weak and my ankles and feet were swollen. I used Doan's Kidney Pills from the Madison Drug Co. and they rid me of the trouble. The backache left me and my kidneys acted regularly."

Loss of Appetite

As a general rule there is nothing sadder than a loss of appetite, and if you skip a meal or only eat two meals a day for a few days you will soon have a relish for your meals when meal time comes. Bear in mind that at least five hours should always elapse between meals so as to give the food ample time to digest and the stomach a period of rest before a second meal is taken. Then if you eat no more than you crave and take a reasonable amount of outdoor exercise every day you will not need to worry about your appetite. Whenever, Tenn., says, "I have used Chamberlain's Colic and Diarrhoea Remedy, the loss of appetite is caused by constipation and the case, that for summer complaint in children. It should be corrected at once. A dose or two ahead of anything I have ever of Chamberlain's Tablets will do it. used for this purpose." July

COL. GEO. W. BAIN TO SPEAK IN RICHMOND

Plans are being made for another union service Sunday night on the Court House. A number of pieces will be added to the orchestra and in addition to the male quartet other special music is being planned. Rev. O. O. Green of the First Baptist church will deliver the sermon, the theme of which will be "The Great Legacy."

Neville Witt, in charge of the seating arrangements, will provide every available seat for the crowd. In spite of the best efforts of Mr. Witt and the excellent organization of Boy Scouts, many were compelled to sit upon the lawn and in automobiles last Sunday night. It is hoped to relieve this situation.

The opening union service last Sunday was most auspicious. The yard of the courthouse was filled while the surrounding streets were crowded with automobiles. It is hoped that the disturbance from the operation of automobiles will be eliminated at the next meeting. Those who are compelled to pass in machines are requested to detour around the court house square and thus avoid the disturbance.

It will be good news to Richmond to know that Col. George W. Bain, of Lexington, will be among the speakers to appear in these union services. Col. Bain will be here on the first Sunday in August.

(By Associated Press)
Washington, July 25—The Senate Banking Committee today favorably reported the bill providing for organization of American corporations to extend credit abroad and finance American trade in foreign countries.

Charged with having embezzled \$800 from the Adams Express Company in Frankfort, H. B. Daniel, formerly agent for the American Express Company in Frankfort, was arrested in Lexington by Deputy United States Marshal Dave Regan.

Summer Complaint In Children

There is not anything like so many deaths from this disease now as before Chamberlain's Colic and Diarrhoea Remedy came into such general use. When this remedy is given with castor oil as directed and proper care is taken as to diet, it is safe to say that fully ninety-nine out of every hundred cases recover. Mr. W. G. Campbell of Butte, Mont., says, "I have used Chamberlain's Colic and Diarrhoea Remedy, the loss of appetite is caused by constipation and the case, that for summer complaint in children. It should be corrected at once. A dose or two ahead of anything I have ever of Chamberlain's Tablets will do it. used for this purpose." July

Danger Lurks In Summer Foods For Babies

EVERY mother knows the evil effects of summer heat on cow's milk. This danger is equally great to all foods unless carefully kept in a cool place away from insects.

Bad food loses its nourishing value. It causes constipation and diarrhea. These are at best always prevalent in the summer time. They depress the mind and weaken the body, and may cause more serious illness.

The first precaution is to see that the stools are regular and normal. In the case of babies and children, if less than twice a day you may suspect constipation; if more than three times a day, diarrhea. A remedy is then

needed that will regulate and tone the bowels, and you will find none safer and better than Dr. Caldwell's Syrup Pepsin. It is a combination of simple laxative herbs with pepsin that millions of mothers constantly have in the house for just such purposes.

A bottle of Syrup Pepsin can be bought at any drug store for 50c and \$1, the latter the family size. A free trial bottle can be had by sending your address to Dr. W. B. Caldwell, 480 Washington St., Monticello, Ill.

DEMOCRATS OF MADISON COUNTY

Chief Justice John D. Carroll, who seeks the Democratic nomination for Governor, is one of the ablest men who has been a candidate in Kentucky in generations. He is clean, strong, forceful; he is a student and worker, not a politician.

There is nothing in his public or private life to explain or apologize for; as the party nominee he would not be on the defensive.

He can unite the party; he can be elected.

Judge Carroll will poll the full strength of the Democratic party in Kentucky. Because of the fullness of his qualifications, because of his high standing in public and private life he will wrest from the Republican nominee the great mass of independent voters which invariably decides state elections in Kentucky. You can not go wrong by voting for Judge John D. Carroll for Governor. adv 201

POLITICAL ANNOUNCEMENTS

The Daily Register is authorized to announce the following candidates for nomination subject to the action of the Democratic Primary, August 2, 1919:

For Representative

For Representative in Congress subject to the action of the Democratic party and the special election to be held August 2, 1919, in the Eighth Congressional District:

CHARLES A. HARDIN

of Mercer County

If this thing keeps up, the governor's race is going to attract some real interest in Kentucky, after all. Each of the candidates for the Democratic nomination, is telling everything he knows on the other. So far, it seems to us, none of it amounts to much and doesn't begin to compare with some old-fashioned mud-slinging campaigns that we can remember.

This prohibition stuff seems to be the real thing, notwithstanding the claims of many that a fellow would be able to get booze as long as one can be found who wants it. The Lexington papers are featuring as rare and unusual any arrests that are made because of drunkenness and it is a mighty good sign of the results that are being obtained, to note that they are few and far between. Although the lid went forever on July 1st, not until July 24th was an arrest for drunkenness made at Lexington. A dispatch from there says that to Louisville falls the "honor" of giving Lexington its first arrest for drunkenness since prohibition became effective. Mike O'Connell, of Louisville, was fined for being drunk after being arrested at a hotel. O'Connell is said to have been insisting he wanted to buy the Standard Oil Company and other oil properties.

Lift off Corns!

Doesn't hurt a bit and Frezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.
A tiny bottle of "Frezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

"BAYER CROSS" ON ASPIRIN

Always Ask for Genuine
"Bayer Tablets of Aspirin"

Only Aspirin Tablets with the safety "Bayer Cross" on them are genuine "Bayer Tablets of Aspirin," owned and made by Americans and proved safe by millions of people. Unknown quantities of fraudulent Aspirin Tablets were sold recently by a Brooklyn dealer which proved to be composed mostly of Talcum Powder. "Bayer Tablets of Aspirin" should always be asked for. Then look for the safety "Bayer Cross" on the package and on each tablet. Accept nothing else! Proper directions and dosage in each Bayer package.
Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylic acid.

Now Is a Good Time To Drive Out Catarrh

The Trouble Is in the Blood. It is now an established fact that catarrh is in the blood and that lotions and salves do not give relief. The experience of others has proven that S. S. S. strikes at the root of the trouble. Waste no time in this matter, for it is of the utmost importance. Write to our Medical Advisor about your case. Address: Swift Specific Co., Dept. 53, Atlanta, Ga.

Summer catarrh with its nauseous discharge, stuffed up glands, difficult breathing, and summer colds, is bad enough, but the worst of it is yet to come if you neglect to check the growth that is forming to attack you with ten-fold greater power during the winter. That's why it is so important to treat catarrh with S. S. S. during warm weather.
